Description

With its straight lines, brick facade and metal and glass railings, DIDOT has an elegant, timeless style that's both classic and modern. Its warm, inviting colors are a true invitation to the gentleness of life.

This cosy ambience is also found inside each of the 13 apartments, thanks to the carefully composed specifications of our interior designers. They have selected harmonious colors and moods to match all types of interiors, as well as durable, high-quality materials supplied and installed by our trusted partners.

From 1, 2 or 3-bedroom apartments to penthouses, Didot will suit singles and families large and small. Their ideally designed spaces offer comfortable living spaces that promote the well-being of their residents.

Terrace and private garden on the first floor, balcony and loggia on the upper floors, vast terrace on the top floor: each apartment has its own outdoor space to take full advantage of the natural charm of the surrounding area.
In the basement, you'll find private parking spaces secured by a motorized door, bike and stroller storage and a laundry room.
