Description

With its straight lines, brick-clad facade, and metal and glass railings, HELVETICA displays an elegant and timeless style, both classic and modern. Its warm and welcoming colors are a true invitation to the good life.

This cozy atmosphere is also reflected in each of the 13 apartments, thanks to the carefully crafted specifications of our interior designers. They selected harmonious colors and ambiances that will complement any interior design, along with durable, high-quality materials supplied and installed by our trusted partners.

From one-, two-, or three-bedroom apartments to penthouses, Didot is ideal for singles and families, large and small. Its ideally designed spaces provide comfortable living spaces that promote the well-being of their residents. With a terrace and private garden on the ground floor, a balcony and loggia on the upper floors, and a vast terrace on the top floor, each apartment boasts an outdoor space to fully enjoy the natural charm of the surroundings. The basement contains private parking spaces secured by a motorized gate, bicycle and stroller storage, and a laundry room.
